'I Love You to the Moon' Father's Day Card

Supplies

- Blue or black card
 - Coloured paper
 - Star stickers
 - Felt pens
 - Scissors
 - Stiff card
 - Pencil
- Ruler
 - Glue stick
 - Small photograph
 - Speech bubble cut out

- 1 Fold the blue or black card in half to form a card template.

- 5 Cut the photograph into a circle shape, then glue in to place.

- 2 Now make a slit in the card for the rocket to slide through. To do this, use a pencil and ruler to draw a faint line going from the top to the bottom of the card, about 2cm in from the fold. Then cut along this line, leaving around 2cm at the top and the bottom.

- 6 Cut out the phrase 'I love you to the moon and back' and stick it onto the card. Remember to leave space for the rocket.

- 3 Now make a rocket using the different coloured paper. To do this, we drew around a rectangle for the main rocket, a triangle for the top, some circles for the window and then cut them out.

- 7 Now decorate the main part of the card to create a background for the rocket. We have used a crescent shaped moon and some stars.

- 4 Position the different shapes to make the rocket, then stick them down using glue.

- 8 Finally cut a strip of stiff card and glue on to the back of the rocket. Then thread the strip through the slit in the card. You now have a moving rocket on the card!
