

Vehicles

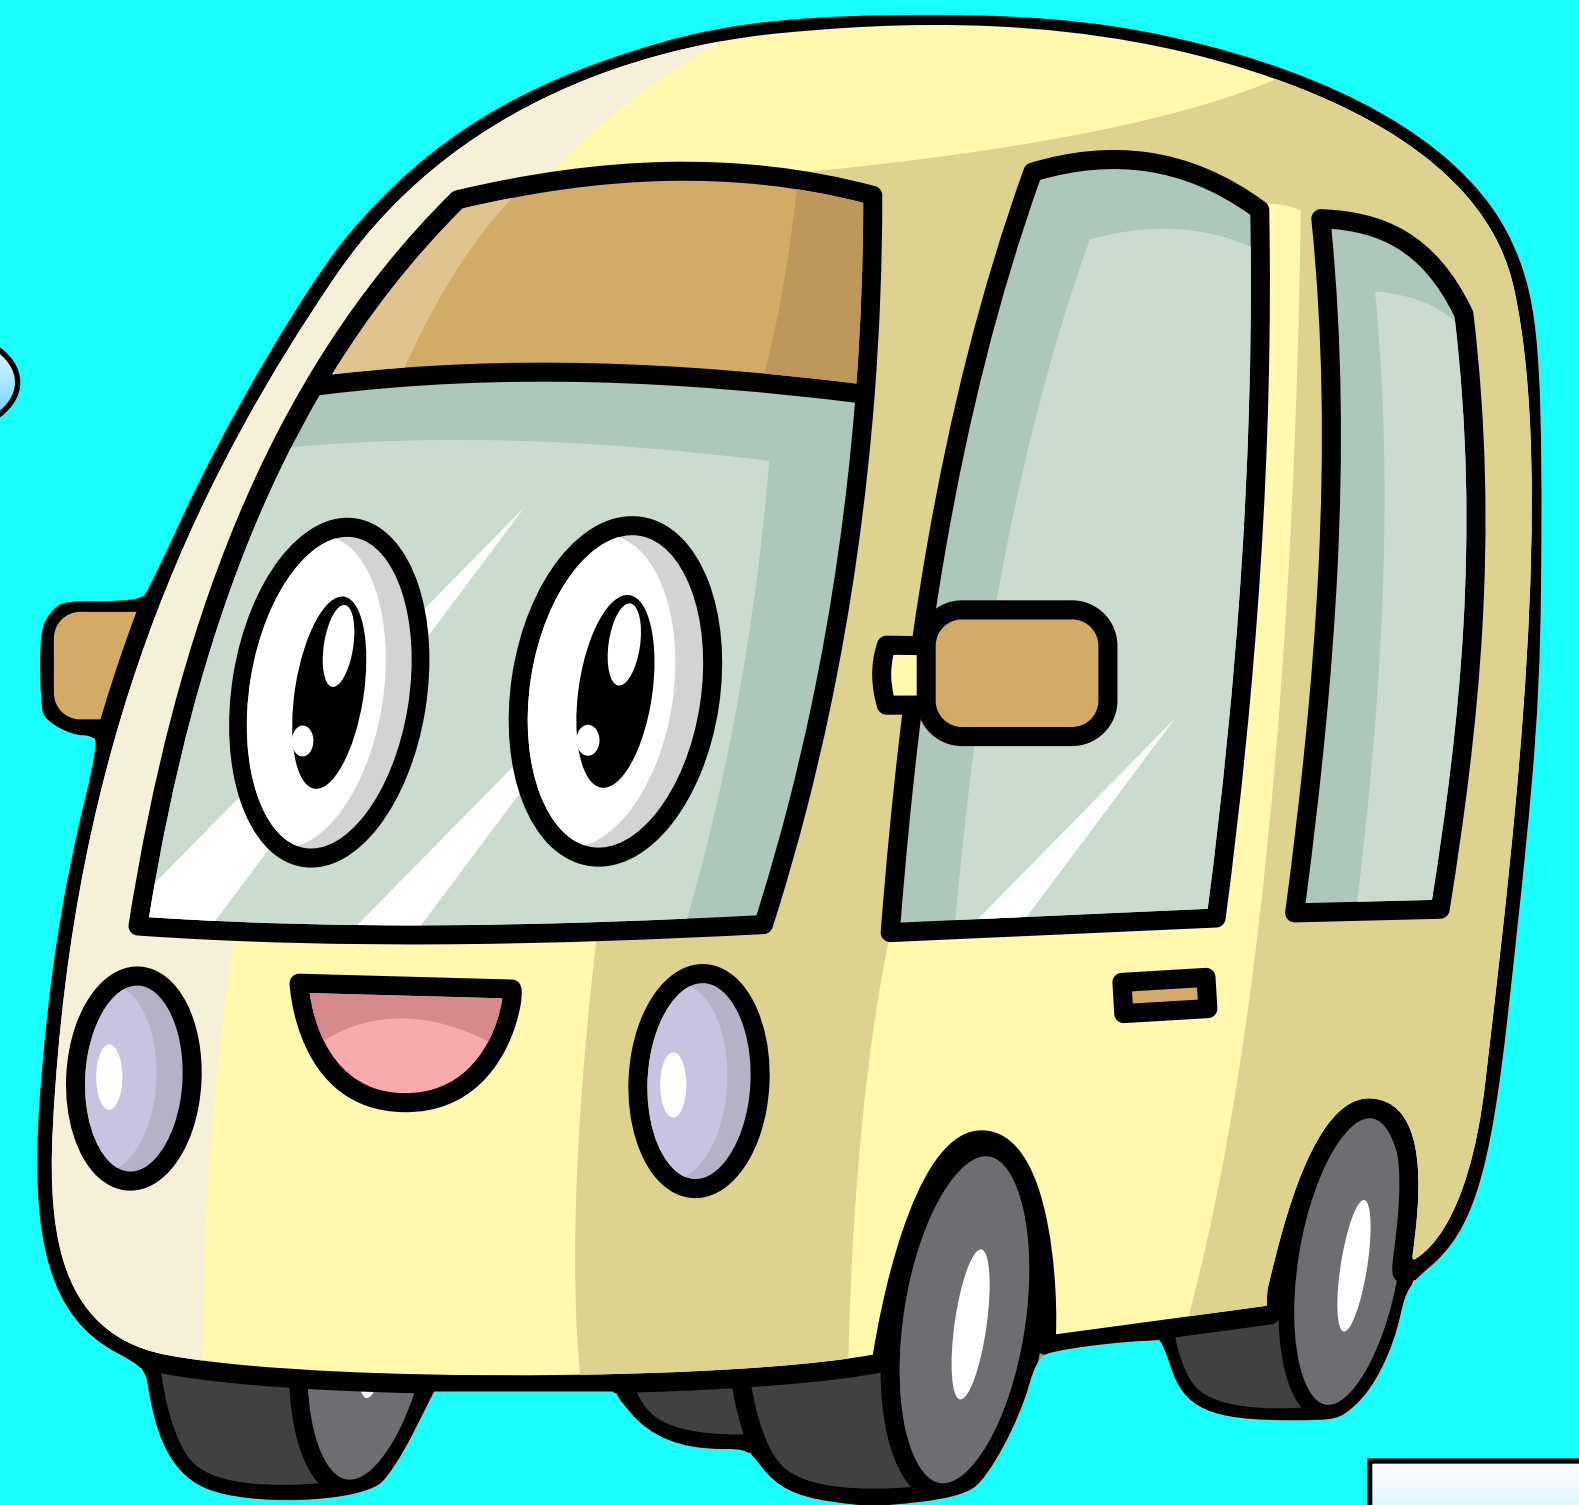

Today we will be...

Investigating a variety of different vehicles.

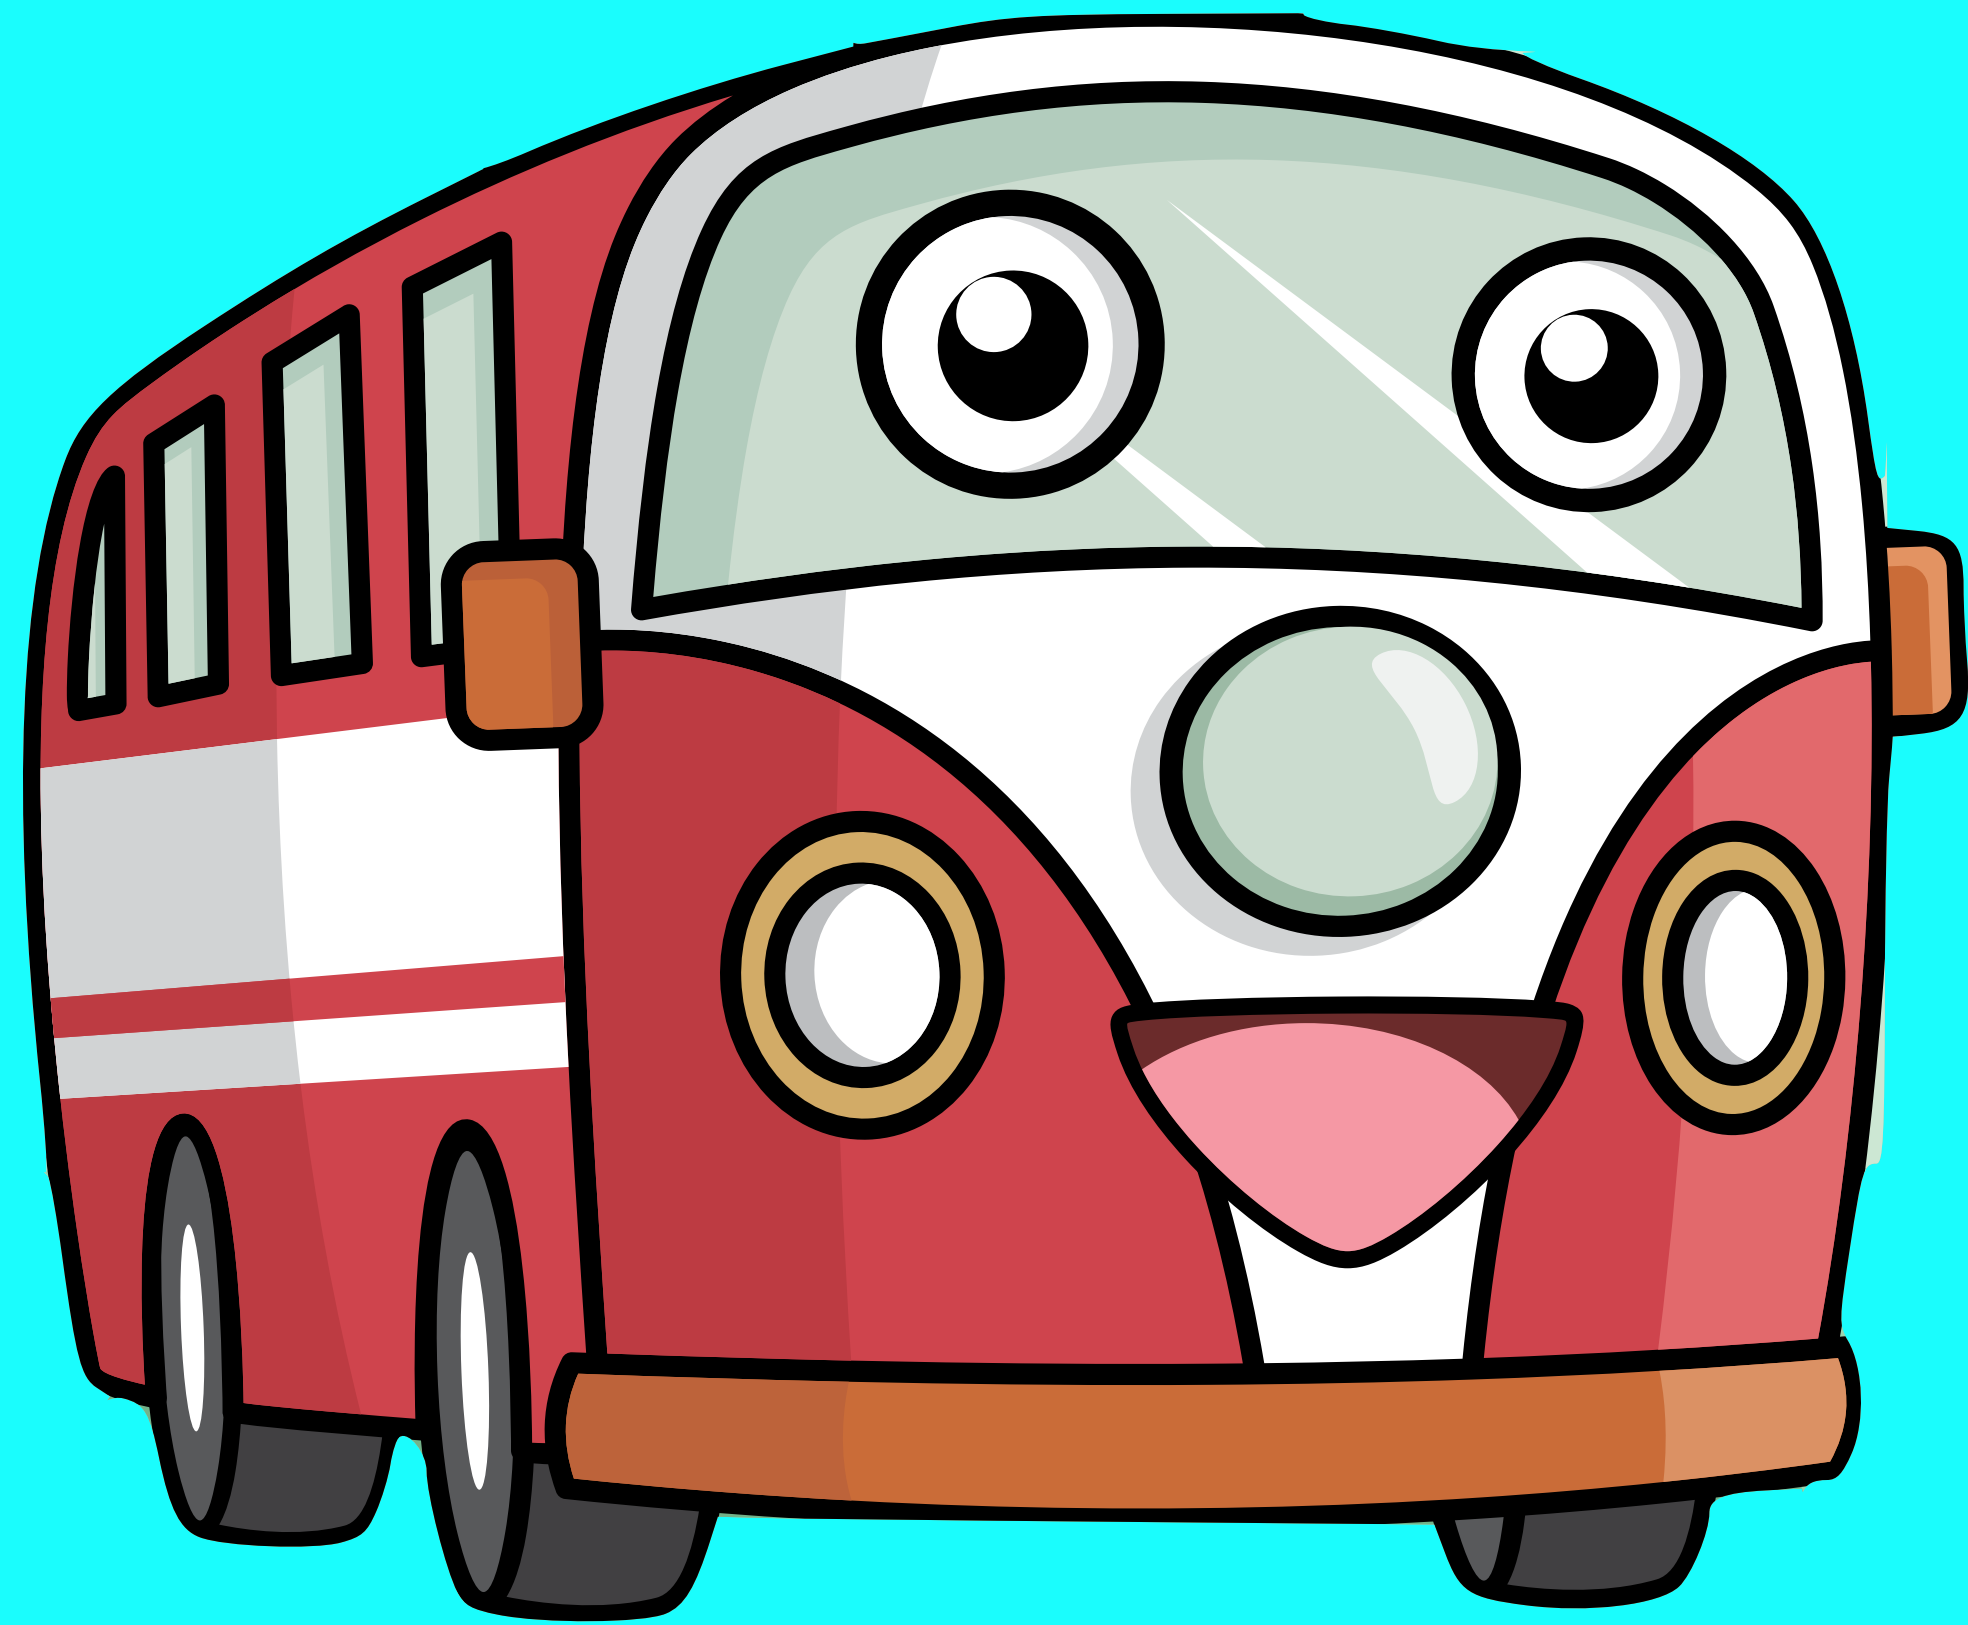

**What is
a vehicle?**

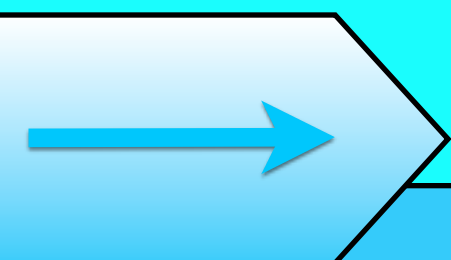

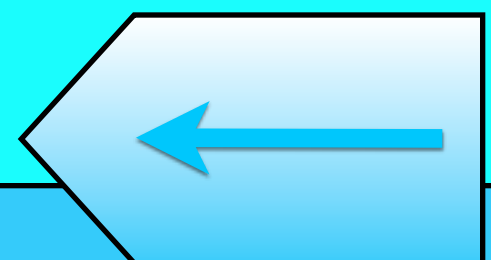

Think, pair, share your ideas.

An vehicle is something with wheels that transports people or objects, such as a car, truck or cart.

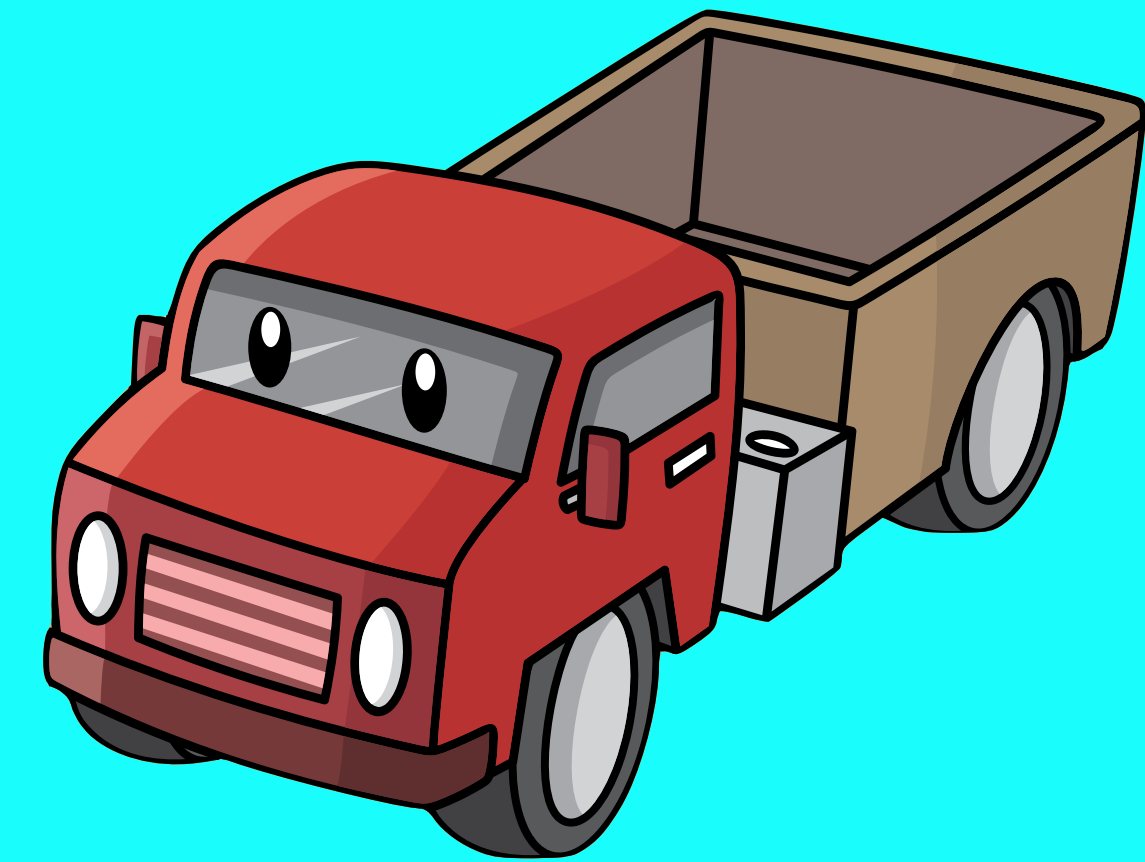

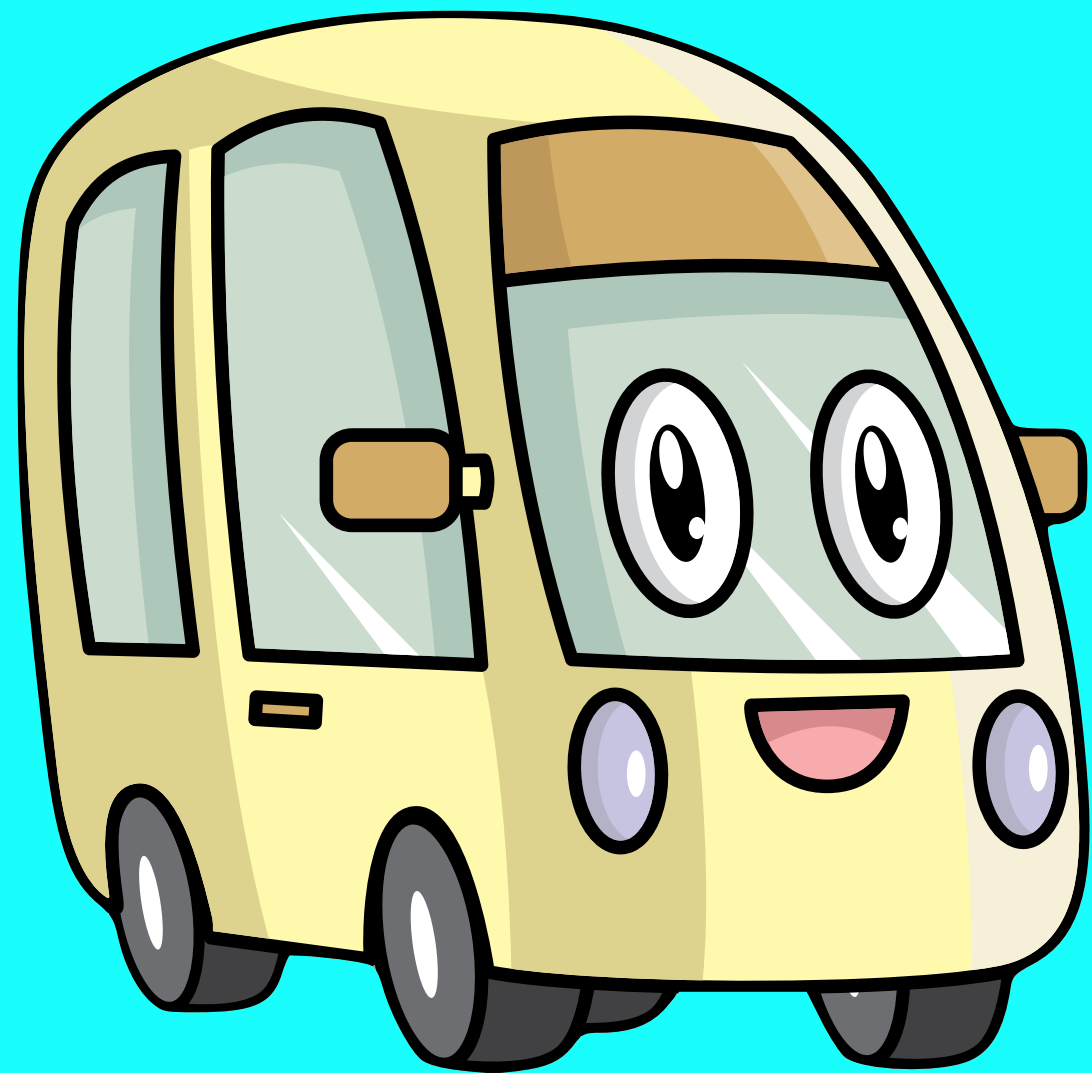

How many different types of vehicles can you think of? Write them down on your whiteboards and see how many you can get!

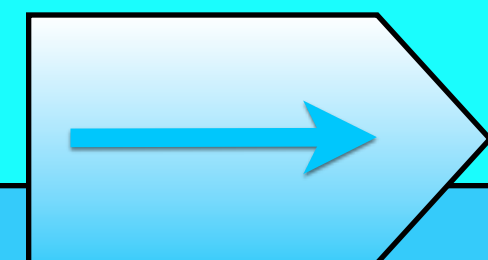

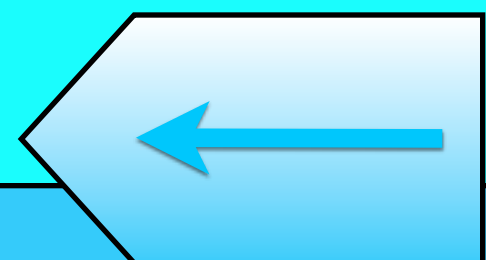

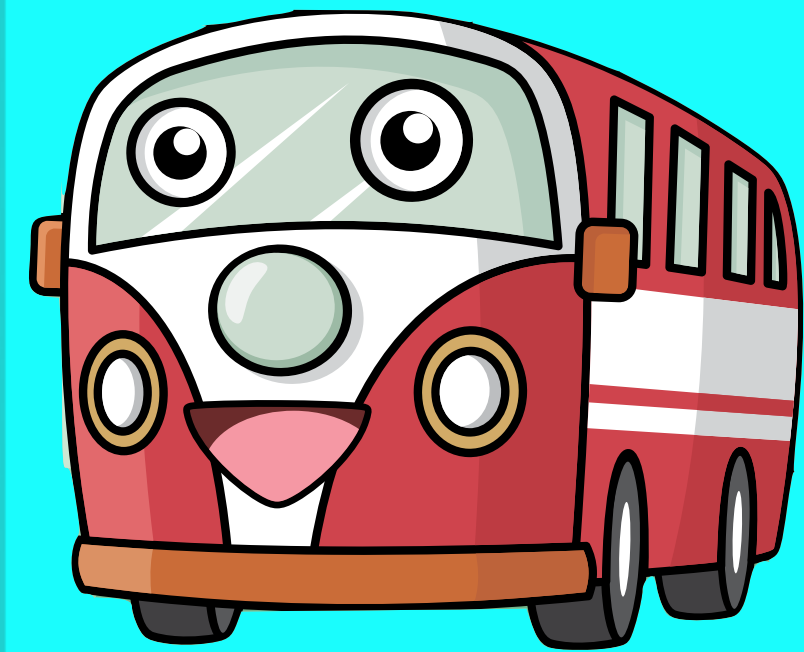

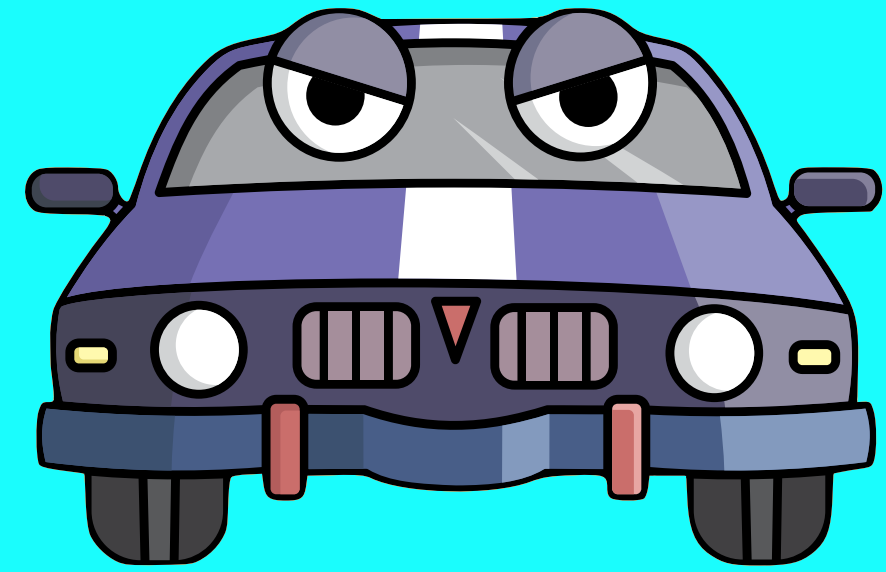

What is this vehicle used for?

What can you see on this vehicle?

Vehicles have lots of different parts, such as wheels, windows, doors or handles. Can you write these labels into the correct box to label this taxi?

window

wheel

headlight

windscreen

Did you get each of the labels correct?!

windscreen

window

headlight

wheel

Can you spot any other parts on this vehicle?
