

- 1) 10ml, 20ml, 50ml
- 2) 95ml, 130ml, 1 litre 175ml

- 1) Lemonade - Accept any correct volume combinations, such as 3 full jugs and a jug with a volume of 120ml.  
Raspberry juice - Accept any correct volume combinations, such as 2 full jugs and a jug with a volume of 325ml. Cranberry juice - Accept any correct volume combinations, such as 5 full jugs and a jug with a volume of 120ml.
- 2) Ali is not correct. Accept any supporting explanation, such as the liquid is already more than 2 litres 750ml so it cannot be 2 litres 700ml.

1)

Bottle	600ml
Bowl	2 litres 100 ml
Cup	400ml
Pan	1 litre 400ml

- 2) Accept any correct combinations that total 5l, such as two bowls and two cups.
